

Accountability Process Timeline

- By September 1 School-level accountability committee adopts building goals/objectives, and a plan to improve educational achievement and maximize graduation rates and increase the ratings for the school's accreditation category.
- Goals/objectives and plans reviewed by district accountability committee and submitted to Board.
- By October 1 After consultation with district accountability committee. Board compiles school building goals/objectives and plans and reports the district's goals/objectives and the district's plan to improve educational achievement, maximize graduation rates and increase the ratings for each school's accreditation category to the public.
- Prior to adopting budget for fiscal year School-level accountability committee makes recommendations to Board, district accountability committee and superintendent relative to prioritization of expenditures of district moneys.
- Superintendent considers recommendations by school-level committees when formulating budget requests presented to Board.
- Board considers recommendations prior to adopting budget.
