

Arickaree School District R2

2021-2022 School Opening Plan

We look forward to our ability to provide in-person instruction during our upcoming 2021-22 school year. We are proud of our efforts to partner with families and celebrate our return to an exciting school year.

We will continue to strive to provide a safe and healthy learning environment for all students/staff during the ongoing COVID-19 presence. Our goal is to return to our new normal- in person instruction is our primary focus and we will manage/facilitate illnesses within our local control systems in partnership with families and local agencies when needed.

We will continue to closely monitor COVID- 19 case rates amongst our school population. If the need arises, we will work with local health officials to assess the situation and take appropriate action. We encourage all individuals to communicate with the school surrounding any positive cases of COVID and follow any local health guidelines surrounding prevention, isolation, and quarantine.

We will continue with our consistent sanitization and additional cleaning protocols as well as encouraging handwashing. We encourage families to keep their children home if they are displaying any COVID-19 or other transmissible sicknesses or symptoms. We will also send students home if they present any serious health issues.

We are eager for a safe, healthy, productive school year!
