Thank you, Sara Walkinshaw, – Office is going well. The transportation audit went well. CASE executive directors highlight for Science this year – looking for a grant. Share out with two other districts – Innovative with all we did and how we worked out and are the kids progressing well. How did the board receive this and sharing a teacher? Onset – the schedules and curriculum collaboration and talking with the kids, the two superintendent's working together. Territory is a big part, share others in the future if possible or a necessity. Tom Stone BEST Grant touch base in early May – next steps – walk through application. Reached out to parent/student as part of his plan. Called Dad, he said thanks we have been to a lot of schools, so happy with the support he has received here at Arickaree.
